Program

Kunming · Yunnan · China

July 23-25, 2026

Lunch			
Invited Sessions			
13:30-15:30	Zhouping Li , Lanzhou University IS32: Advances in Bayesian Statistical Methods for Complex Data	Zhouping Li	Room 5 th , 1 st Floor, Science Building, Yunnan University
	Juan Shen , Fudan University IS27: Advances in Bayesian Inference for Latent Heterogeneity, Missing Data, and Distributional Invariance	Juan Shen	Room 6 th , 1 st Floor, Science Building, Yunnan University
	Yincai Tang , East China Normal University IS26: Bayesian Modeling and Applications	Yanlin Tang	Room 7 th , 2 nd Floor, Science Building, Yunnan University
	Xiaodong Yan , Xi'an Jiaotong University IS29: Bayesian Statistical Inference and Federated Learning under Heterogeneous Data Environments	Xianwen Ding	Room 8 th , 2 nd Floor, Science Building, Yunnan University
	Yichuan Zhao , Georgia State University IS13: Modern Bayesian Analysis and Its Novel Applications	Puying Zhao	Room 9 th , 2 nd Floor, Science Building, Yunnan University
	Yuling Jiao , Wuhan University IS30: Modern Bayesian Computation	Yuling Jiao	Room 10 th , 2 nd Floor, Science Building, Yunnan University
	Huiqiong Li , Yunnan University IS35: Bayesian Methods for High-Dimensional Data: Forecasting, Selection, and Inference	Huiqiong Li	Room 11 th , 2 nd Floor, Science Building, Yunnan University
Break			
Contribution Sessions			
15:40-17:40	CS01: Bayesian Latent Structures for High-Dimensional & Sensitive Data	Yuxiao Nie	Room 7 th , 2 nd Floor, Science Building, Yunnan University
	CS02: Bayesian Inference & Computation in Complex Models	Xiongwen Ke	Room 8 th , 2 nd Floor, Science Building, Yunnan University
